# PASTOR'S REPORT

Looking back over the last 12 months, it has been a year with many ups and downs.

In the background of everything has been the ongoing drought which seems to affect people in all kinds of ways. For all of us, whether we are directly affected financially or frustrated by dust storms and the relentless needs of watering gardens, the call of God is to trust Him and see what He will do.

As always, we started the year with Family Camp. There were fewer people in attendance than the year before but it was a great time as always, worshipping and having fun together. This is a really important part of our process of building community, the knowledge that we belong together.

A weekend visit from John Alley in April gave us a great opportunity for teaching about apostles and community in mini-conference format. I really appreciate John's teaching and the ongoing relationship that we enjoy.

Our church continues to contribute heavily to Special Religious Education in Primary Schools and in the Schools ministry in the High School. I enjoyed teaching two SRE classes at the West School after a few years of absence. The Schools Ministry had two successful events, one of which celebrated 10 years of the Living Room.

We invest a lot of time and energy into children's ministry. Margaret runs a cell group for children every Friday afternoon. This year this has all been for the benefit of children from other churches, or no church at all. Messy Church and the weekly Family Input segment keep children integrated into the worship life of our congregation.

We have had to say “Goodbye” to many people over the course of the year. Some of these have moved to other towns for a variety of reasons, others have chosen to change churches. It seems that, in terms of numbers, we are in a time of pruning. We have always believed that the primary need in any church is for people to know that they belong to a place and to a people above all things.

Property has been a big issue through the year. We purchased No. 6 in April, seeing its availability as an opportunity to provide for future growth in the church. David Baxter and Tim Bates have been working on (and under) the house ever since then. It has been a good alternative venue during the renovations in the church, and has hosted many meetings and one Messy Church. The house was financed by a loan from us (Keith & Margaret) to the

church and will possibly get repaid eventually. We are looking for the Holy Spirit to direct the use of this wonderful asset.

Our long awaited renovations in the church building have been completed. A new office will allow us to make more space for more people in the meeting area. More importantly, the front verandah has been reconstructed with a greater slope on the roof, hopefully keeping water from leaking inside and beating the white ants permanently. We have come a long way since we first bought the building in December 2017, as the accompanying photo shows.

So it has been a busy year, with many challenges and joys. I am looking forward to whatever God has in store for us in 2020.

# NEW LIFE FUTURES

We have known from the beginning that God has a big plan for this congregation. Before we started the church 23 years ago, the Holy Spirit told us we were to do a “new thing.” We didn’t know what the “new thing” would be, and in many ways we still don’t know what God will mould us into.

Early in the life of the church, God spoke to me and said that he would grow us to be 1000 people. Later still the verse Isaiah 60:22 leapt out at me in church one Sunday evening: “The least of you will become a thousand, the smallest a mighty nation. I am the Lord; in its time I will do this swiftly.” So at the right time this small group will rapidly grow to be something completely different to what we are now.

It is very hard to describe something you see only dimly as a future thing that is completely new. But we know there are some key values that we must continue to embrace:

- Cell church- we are a church made up of small groups, not a church that has them as an “extra.”
- Experiential faith- we want to experience God as reality not as theory, the Holy Spirit encountering us in worship and equipping us for mission.
- Apostolic- we will remain in relationship with apostolic leaders, receiving grace for community through the spirit of sonship.
- Inclusive- everyone is welcome regardless of social status, education or work.
- Christian unity- respecting, loving and working with other congregations to demonstrate the love of Christ in our town.
- Practical care for one another

Over the last 6 months I have been working with cell leaders and other in our church to articulate what this church would look like, that is the destination that we believe we are heading towards.

From that long range vision we developed a shorter term goal (over the next three years) that enables us to focus on particular emphases each year that keep us on track.

So first, the big vision:

# A Dream For New Life

I see a church in Narrabri where people in their hundreds come to find water in the desert of their lives. The presence of God refreshes their spirits and the love of God's people brings hope to refresh their hearts.

I see a church in Narrabri that gathers weekly in homes and other places around the town and beyond. I see a church with a hundred cells meeting each day as lighthouses, shining Jesus' love in each street and neighbourhood. Our cell groups will be places of friendship, encouragement, evangelism and growth in our knowledge of God.

I see a church in Narrabri that brings together the diversity of cell groups and shows each person that they belong to something bigger. Each week we will celebrate what God is doing in our community. We will worship together and we will learn together.

I see a church in Narrabri where God's presence is experienced in every meeting, whether a cell group or a Sunday celebration. When we meet we will pursue the power and grace of the Holy Spirit and allow Jesus to transform us. As He changes us, we will find grace to take Him to our friends and neighbours. Encounters with the living God will ripple out across the Shire of Narrabri as we live in God's presence every day.

I see a church in Narrabri where anyone can become all they were created to be. We have been called to restore those who are broken, to walk with those who are lonely, to heal those who are wounded, to accept those who are rejected. We will be a community where every person has a chance to receive the healing grace of Jesus. We will be a community where every believer has the chance to be a pipeline for the healing grace of Jesus. We recognise that a true community finds ways of practical, emotional and spiritual support for its members as they are lifted from brokenness.

I see a church in Narrabri that sends evangelists, pastors, teachers and missionaries. We will equip those who belong to the church to go beyond the church. We will send them out to take God's grace to the region, the nation, the world.

I see a church in Narrabri that makes it easy to belong, to be healed, to believe, and to grow.

By the grace of God, New Life will be that church
